

FARM LOAN PLAN IS ADOPTED BY HOUSE

WRITE PROVISION INTO AGRICULTURAL BILL AFTER LONG FIGHT

Measure Provides for System of Farm Loan Associations Formed in Individual Communities—Bill is Sent to Conference.

MONDAY IN CONGRESS.

Senate.

Met at 11 a. m.
The committee investigating charges of lobbying in connection with the administration ship bill heard P. A. S. Franklin of the International Mercantile Marine. Appropriation committee to work on a revision of the judicial code during recess.
Debate was resumed on the Indian appropriation bill.
Recessed at 1:30 a. m., until 11 a. m. Tuesday.
House.
Met at noon.
Debate was resumed on the Agricultural appropriation bill with rural credits plans attached.
Adjourned at 1:25 a. m., until noon Wednesday.

Washington, March 1.—A farm loan plan was written into the agricultural appropriation bill by the house tonight after a long and vigorous fight. The rural credits amendment reported by the agricultural committee and generally accepted as having the sanction of the administration was revised by a series of amendments which revolutionized the proposal.

Would Form Land Banks.
As framed in the house the plan would provide for a system of farm loan associations formed in individual communities to make loans on farm mortgages notes at not more than six percent interest. These associations would form federal land banks in districts corresponding to the present federal reserve districts for the purpose of dealing in the mortgages held by the association and loaning to the association upon those mortgages. In these banks the government would have supervising, and under certain circumstances, a stockholding interest. They would be authorized to issue bonds based on their farm mortgage security. The crux of the fight in the house came on an amendment to authorize the secretary of the treasury to issue Panama canal or other government bonds to the amount of \$50,000,000 a year to take over the bonds of these land banks. The amendment was adopted in committee of the whole by a vote of 157 to 44.

The administration proposal was a substitute for the McCumber direct loan rural credits plan incorporated in the bill in the senate. It proposed a series of farm loan associations with a system of land banks under private ownership and control to handle the loans through the sale of bonds to the public.
By a vote of 237 to 89 the house rejected the McCumber proposition, then the perfected Buckley-Hollis amendment was agreed to without a roll call. The bill was sent to conference.

Approve Conference Reports.
Conference reports on the District of Columbia, military academy and Sundry Civil bills were finally approved and sent to the president up to tonight aggregate an outlay of \$314,411,223.61. The other nine bills, excluding the \$38,000,000 river and harbor bill, as passed by the senate aggregate \$674,029,120.

This amount may be reduced by the various conference committees but taken with the total already approved gives an estimated aggregate of about \$987,321,513.77. Added to this, in all probability will be a joint resolution appropriating a lump sum of \$25,000,000 to \$30,000,000 to continue existing river and harbor projects.

MAKE UNSUCCESSFUL ATTEMPTS AT ASSASSINATION
Paris, March 1.—(5:40 p. m.)—The Temps prints a despatch from Sofia saying that news has been received there from Constantinople that an unsuccessful attempt was made yesterday to assassinate Enver Pasha, Turkish minister of war, and Talaat Bey, Turkish minister of the interior.

The attempt on the life of Talaat Bey was reported from Sofia on Feb. 26. He was fired at by a man in the street but was uninjured.

UPRISINGS HALT UNLOADING OF FREIGHT
New York, March 1.—Word was received here today by the Ward Line that the Steamer Morro Cas had been unable to discharge all her freight at Progresso, Mexico, because of the uprising there and that after waiting two days had proceeded to Vera Cruz.

SPARK IGNITES ROOF.
Sparks from a flue ignited the roof of Dr. Haingrove's residence on East State street Monday evening, shortly after 6 o'clock. The chemical extinguisher was sufficient to forestall the fire.

STATE EMBARGO THREATENS SERIOUS SHORTAGE OF TWINE

Ban on Exports of Sisal Fibre From Progresso, Mexico, is Brought to Attention of State Department at Washington.

Washington, Mar. 1.—Several American manufacturers brought to the attention of the state department today an embargo on exports of sisal fibre from Progresso, Mexico, which they said, threatened a serious shortage of twine for the 1915 harvest in the United States. The department is expected to take up the question with General Carranza. The embargo was imposed, it was said, at the department because of differences between Carranza factions at the port. Consul Lespinasse, at Frontera, protested to the Mexican authorities today against the arrest of the captain of the American vessel Martha which is being held because of the non-payment of fines imposed on this cargo of cattle for Galveston. A state department memorandum today told of efforts of the American colony in Mexico City to raise money for the relief of the poor. Prompt response had been made to the appeal, it was said, and other foreign colonies were expected to join in the movement. The department also gave out the text of a statement by General Obregon relating to the special tax decree in Mexico City which was revoked by Carranza a few days ago so far as it affected foreigners.

DACIA'S FLAG IS HAULED DOWN; CREW IS BEING SENT TO NEW YORK

Owner Instructs Captain to Remain at Brest to Look After His Interests.

New York, March 1.—The American flag which flew over the steamship Dacia, captured last week by a French cruiser and taken into Brest, has been hauled down and the American Consul at Brest is sending the Dacia's crew back to New York City, according to cablegrams received here today.
This information was contained in a message from Captain McDonald of the Dacia to Edward N. Breitung, the vessel's owner. The message read as follows:
"Dacia detained here; flag down, French official on board, American consul sending crew to New York. Will I remain and look after interests?"
Captain McDonald was instructed to remain and to insist upon the crew remaining. To the American consul at Brest, Mr. Breitung addressed a message inquiring why the Dacia was detained and why her flag was hauled down and requesting the consul to look after his interests there.

RUPPERT ADMITS OFFERING MACK \$25,000 FOR BAKER

NEW YORK, March 1.—Colonel Jacob Ruppert, part owner of the New York American League club, today confirmed the report that he had offered Connie Mack \$25,000 for Frank Baker, the third baseman of the Philadelphia Athletics, who has retired to his farm at Trappe, Md.

Mack is willing to let Baker come here for \$50,000, a price similar to that which Chicago paid him for Eddie Collins, it is stated. However, Colonel Ruppert asserted that he did not regard Baker as being worth any more than the offer he had made. It was reported that Mack could compromise for \$25,000 if Fred Malsel were thrown into the bargain but Manager Donovan is not likely to sanction such a deal, it is said.
Baker is said to be killing to return to baseball if his salary is raised to \$8,000 a year. Colonel Ruppert said he was willing to give him \$10,000.

FEBRUARY REVENUES EXCEED THOSE OF SAME MONTH LAST YEAR

WASHINGTON, March 1.—For the first time since July government revenues for a month of the present fiscal year have beaten the pace set during the fiscal year 1914. During February the treasury department received in revenue from all sources \$43,636,272, compared with receipts in February 1914 of \$43,933,857. Ordinary expenditures, however, amounted to \$56,137,624, leaving a net deficit for the month of about \$12,500,000. The excess of ordinary disbursements for the eight months of the fiscal year which ended yesterday over receipts for that period amounted to \$83,556,632.
The net balance in the treasury's general fund at the end of February was \$42,636,065 and the total assets in the treasury \$1,975,859,376.

ARREST GAYLORD IN BURLINGTON

Burlington, Iowa, March 1.—Andrew Gaylord, the missing city clerk of Fort Madison was arrested here tonight by the Fort Madison chief of police and taken back in an automobile. He made no statement regarding his leaving home.

ILLINOIS DEFEATS OHIO STATE.
Columbus, O., March 1.—By a score of 26 to 19 Illinois defeated Ohio State in a western conference basketball game here tonight.

INFANT WAS BURIED.
The infant daughter of Mr. and Mrs. Audie Beerup of Franklin was buried Sunday afternoon.

MANY MEASURES READY FOR THE LEGISLATURE

RULES COMMITTEE TO MEET BEFORE HOUSE SESSION THIS MORNING

Will Make Earnest Effort to Have Rules Ready for Presentation—House Will be Ready to Begin Active Business as Soon as Committees are Announced.

Springfield, Ills., March 1.—Approximately three hundred bills, which provide for nearly everything from the repeal of the woman suffrage law and a revamping of the state's insurance policy down to an anti-cigarette bill, are ready for dumping into the legislative hopper tomorrow, when the legislature will reconvene after a twelve days recess.

Rules Committee to Meet.
Providing the house adopts rules tomorrow the roll will be called for the first time this session for the introduction of bills. A meeting of the rules committee has been called for 9 o'clock tomorrow morning and it was announced that an earnest effort would be made to have a set of rules ready for presentation to the members when the house meets at 10 o'clock. The house will be ready to begin active business just as soon as Speaker Shanahan announces the personnel of the standing committees, which probably will not be until late this week.

E. Walter Green, Republican of Hindsboro, was declared elected as representative from the thirty-fourth district over Robert Howard, Democrat of Mattoon, by a special house committee which today completed a recount of the vote in the contested district. Green's plurality over Howard was 278 1/2.

To Hold Preliminary Sessions.
Pending a completion of the recounts in the two contested Cook county districts members of the senate expected to meet at 8 o'clock tomorrow evening and then hold preliminary sessions without doing any business.

The thirty-fourth district recount settles the first of the three legislative contests caused by action of two members of the state canvassing board in overturning the results as certified by the local election authorities. The vote originally certified to Secretary of State Stevenson by the county clerks of Cook, Douglas and Clark counties, comprising the thirty-fourth district, gave Green a plurality of 151 1/2.

State Treasurer Ryan and State Auditor Brady went behind the returns and decide that Howard, the Democrat, was elected. Attorney General Lucey and Secretary of State Stevenson, the other two members of the state canvassing board, declined to concur in the finding of Governor Dunne refused to certify the election of Howard. Similar situations existed in the eleventh and twenty-third senatorial districts. In Cook county in which Messrs. Ryan and Brady decided that the Democratic candidates for senator were elected. A new record in legislative recounts was established in the case settled today. The committee began work last Wednesday morning, completing its duties on the fourth day.

CIRCULATE RUMORS THAT VILLA IS DEAD AND BURIED

SAN ANTONIO, Tex., March 1.—A message dated Feb. 27th, from Aguas Calientes and delayed in transmission says rumors that Francisco Villa is dead and buried are again circulating. Colonel Tomas Urbina is reported a shaving made the statement that he attended the funeral and that interment was in Janan, a village in Durango, which was General Villa's birth place.

Hipolito Villa, a brother of Francisco and who strongly resembles the general, came from northern Texas two weeks ago and is taking an active interest in affairs of the Villa forces.

The message was received here at the Mexican consulate in charge of Carranza representatives.

DISMISS EMBEZZLEMENT CHARGES AGAINST FORMER OFFICIALS

EAST ST. LOUIS, Ill., March 1.—Charges of embezzlement against four former municipal officials were dismissed in the city court here today. The men were former mayor Charles Lambert, former Treasurer Fred Gerold, former comptrollers J. J. Faulkner and William R. Rodenberger.

Several weeks ago these men, after a ten day trial, were acquitted by a jury of the charge of conspiracy to defraud the city of \$100,000.

MAYER WINS FROM LORD.

Philadelphia, Mar. 1.—Joseph Mayer of Philadelphia defeated R. M. Lord of Chicago, 400 to 249 here tonight in the opening game of the national class A, amateur 18.2 ball line championship tournament. Mayer had high runs of 78 and 73 and his average was 19 1-2. Lord's highest run was 47 and his average 11 18-21.

ASK COURT TO FIX DATE FOR HEARING APPEAL

Albany, N. Y., March 1.—The court of appeals today was asked to fix March 24th, as the date for hearing the appeal of former police Lieutenant Charles Becker from the judgment convicting him of the murder of Herman Rosenthal.

War News Summarized

The British parliament has voted the total sum of \$1,810,000,000 asked for by Premier Asquith for the prosecution of the war, covering the expenses of the current year up to the end of the present month and in his speech in the house of commons, the British home minister after discussing the proposed recitals of the allies against Germany made reference to whispers of peace saying that it was not time to talk of peace—that this would arrive only when the great purposes of the allies were in sight of accomplishment.

The operations of the Anglo-French fleet in the Dardanelles have been interrupted again by unfavorable weather, but considerable progress is indicated by an Athens despatch which reports that Fort Dardanus, twelve miles up the straits on the Asiatic side, has been silenced.

That an agreement which will give Russia free passage of the Dardanelles has been reached between Great Britain, France and Russia, is the assertion by the Paris newspapers.

There are also reports of rioting and panics in Constantinople and unsuccessful attempts to assassinate the Turkish ministers of war and the interior.

Details of the recent fighting in the eastern war zone are lacking, but the Russians claim to be preparing new offensive operations to follow up their success in checking the German advance in northern Poland. The Russian army of the Caucasus has occupied the port of Kheops, on the Black Sea, which has been considered of great military importance to the Turks.

In France and Belgium storms have hindered the operations and there is little to report.

A statement issued by the French government denying that the Germans have fewer men in the western war theatre than in January, gives figures which indicate that there are 1,880,000 Germans on the western front and 2,080,000 Germans and Austrians on the eastern front.

UNCLE SAM GOES AFTER MILLIONS OF DRUG USERS

Wave of Crime May Follow Strict Suppression of "Dope"—New Law Provides Strict Regulations.

Washington, March 1.—Today the United States government enters the field of practical therapeutics and begins to treat the many millions of victims of drugs. The first step of Uncle Sam in the wiping out of this terrible affliction that is sapping the vitality of millions of Americans was taken today, when he put the lid on the supply of "dope." Opium, cocaine, Heroin, codeine, morphine, and their many allies and derivatives are henceforth under the control of the national government.

A wave of crime and insanity is feared as the result of this sudden shutting off of the unlimited distribution of drugs. This is the most pitiable phase of the necessary action of the government. Authorities estimate the number of Americans addicted to the drug habit at from one to four millions. So secretly is the habit cultivated that this estimate is considered to be low. By the report of the Commissioner of Internal Revenue, it is shown that the importation of dope has steadily increased from year to year, one increase being so large as to indicate that fully 100,000 persons joined the sorrowful army during one single year.

One of the appalling facts in connection with the drug traffic is that our immigrants are not drug users. The drug fiend is essentially American, as in China he is essentially Chinese.

TO ADD TWO BLOODHOUNDS TO THE POLICE FORCE OF AUROORA

AURORA, Ill., March 1.—After a plea by Chief of Police Michels that he believed the murderer of Theresa Hollander, Jennie Miller and Emma Peterson still was living here, the city council tonight voted to appropriate money for the purchase of two bloodhounds to be added to the police force.

Chief Michels announced to the council he was no nearer the arrest of the person or persons who committed the murders than he was at the times they were committed.

KEEPS TIME OF ARRANGING ALLEGED DYNAMITE SECRET

Los Angeles, Calif., March 1.—To avoid a crowd which definite information might assemble in the court room, District Attorney T. L. Woolwin, made a secret today of the time at which Mathew Schmidt and David Caplan, alleged participants in the conspiracy which resulted in the dynamiting of the Los Angeles Times building in 1910, would be arraigned. The district attorney will ask the board of county supervisors for an appropriation of at least \$25,000 to defray the expenses of prosecuting the men.

MUST SHOW FILING TIME

All regular messages and day letters received by the Western Union will hereafter be marked with the exact filing time, according to a ruling which went into effect Monday. The filing time has been marked in code but from now on plain figures will be used.

CHARGE CONSPIRACY TO DEFRAUD GOVERNMENT

JURY RETURNS INDICTMENTS AGAINST HAMBURG-AMERICAN LINE

Five Men are Also Named—Action is Taken in Connection With the Furnishing of Supplies to German Cruisers in the Atlantic.

New York, March 1.—The federal grand jury which has been investigating violations of the customs laws in connection with the furnishing of supplies to German cruisers in the Atlantic today returned two indictments against the Hamburg-American Line and five men alleged to have been connected with the shipment.

Charge Filing of False Records.
The indictments charge conspiracy to defraud the government through the filing at the custom house of false records, false clearances of vessels and false manifests of cargo.

The men named in the indictments are Karl Bunz, director in charge of the New York office of the Hamburg-American Line; J. Poppenhausen, who served as supercargo on the steamship Berwind; George Kotter, Felix Seffner and Adolph Hae-meister.

The federal grand jury had been investigating since Friday last a complaint made by Sir Courmay Walter Bennett, British consul general here, and evidence submitted by the office of the United States district attorney. The consul general announced violations of the customs law in connection with the chartering of the American steamships Berwind and Lorenzo and the Norwegian steamships Fram and Sommerstad.

Kotter is Superintendent of Line.
Kotter is superintendent of the Hamburg-American line here and Seffner was supercargo of the Lorenzo, a vessel owned by the New York and Porto Rico Steamship company which was surprised and captured in West Indian waters by a British cruiser while coaling the German Cruiser Karlsruhe.

Two indictments were returned. The conspiracy is charged in the indictments was formed August 1st, last, and included the defendants named and other persons unknown to the grand jury. In furtherance of the conspiracy it is alleged in the indictments, Superintendent Kotter conspired with John H. Gaus on Aug. 5th, 1914, of another steamship line, and Wessels Kulenkampf and company, exporters, regarding the clearance of the Berwind. It is further charged in the indictments that on the same day Karl Bunz and George Kotter conspired with Gustave Kulenkampf, a member of the last named firm, about the clearance of the steamship Lorenzo with a cargo of coal for Buenos Aires.

OPPOSE CONFIRMATION OF TRADE COMMISSION NOMINEES

Republicans Continue Fight to Tenaciously That Executive Session of Senate is Abandoned After Two Hours.

Washington, Mar. 1.—Republican senators tonight opened a general fight against confirmation of President Wilson's nominees for the federal trade commission and continued it so tenaciously that administration leaders after two hours abandoned the executive session for the night without a vote.

The names of Joseph E. Davies of Wisconsin, Edward N. Hurley of Illinois, W. J. Harris of Georgia and W. H. Parry of Washington had been favorably recommended by the interstate commerce commission and were ready for disposition by the senate. The nomination of George Rublee of New Hampshire, fifth proposed member of the commission, was acted on favorably by the committee late today, but when his name was reported in executive session there was objection to its consideration and under the rule it went over until tomorrow.

CHICAGO GRAND OPERA COMPANY FILES BANKRUPTCY PETITION

CHICAGO, March 1.—The Chicago Grand Opera company filed a voluntary petition in bankruptcy today, scheduling liabilities of \$264,400 and assets of \$61,500.
The petition for legal relief from its debts included twelve typewritten pages of singers to which the company was indebted. The lack of attendance at the operas presented by the company was given in the petition as one of the causes for the action.

The principal creditor was Harold F. McCormick of Chicago, who held promissory notes from the company for \$260,000, representing currency advanced.

TO ENFORCE CLOSING LAW.

Springfield, Ills., March 1.—The two hundred and seventeen saloons here today were notified by Sheriff Wheeler that the Sunday closing law would be enforced beginning next Sunday. Two years ago the question was agitated and a referendum vote showed an overwhelming majority in favor of saloons to keep open on Sunday.

Mrs. Clarence Duckett and daughter Elsie were representatives of Chapin in the city yesterday. Elias Howard of Franklin and J. P. Howard of Sorento were among the visitors in Jacksonville Tuesday.

POPULAR SUBSCRIPTIONS BEING TAKEN FOR LIGHT PROPOSITION

Property Owners and Others are Rallying to Aid New Boulevard Lighting System—Want Work Completed by April 15.

Carl H. Weber, secretary of the Chamber of Commerce and W. D. O'Kelly, who have been soliciting for the boulevard lighting system for the center of the city, have met with splendid success and the response by citizens and property owners has been most gratifying. \$5,000 is the sum asked and there is still a portion of this to be raised and it is expected to complete the amount in two days. Popular subscriptions are now being taken and many have given most liberally. Those back of the movement feel that it is such a good one that all will be willing to share in the one expense of installing the lights, which the city afterwards is to light at no further expense to the property owners.

As soon as the amount secured the contract will be let and work commenced. It is expected to finish all the labor by April 15.

CHAMPION BILLIARD PLAYERS' LEAGUE CONTESTS CANCELLED

WATERLOO, Iowa, March 1.—Announcement was received here today from Burton Mank, manager of the champion billiard players league with headquarters in New York, that the contest between Marcus Catton and Calvin Demarest, which was scheduled for tonight, has been cancelled.

Mr. Mank further states that all contest have been called off for this season owing to various conditions which resulted in lack of interest throughout the county. Mr. Mank expects the league to start again next winter.

BAD WEATHER DELAYS DARDANELLES CAMPAIGN

GALE HINDERS AEROPLANE FLIGHTS AND LONG RANGE FIRING

Little of Importance Occurs in the West—Russians Claim Much and Germans say Little of Operations in the East—Announces Retaliatory Measures.

BULLETIN.

London, March 2.—(6:23 a. m.)—The destruction of a German submarine when it was rammed by the steamer Thordis off Beachy Head is reported by the captain of the steamer which has just arrived at Wymouth.

"We sighted the submarine when it was forty yards away," the captain declared. "It fired a torpedo which missed us by a few feet. Then we put the helm hard to starboard and rammed the periscope. There was a crash and we saw nothing more of the submarine."

The only steamer Thordis mentioned in marine records is a small Norwegian vessel of 501 tons gross.

London, March 1.—(10:10 p. m.)—The operations of the allied fleet in the Dardanelles as perhaps presaging quick developments in the Balkan situation dominates the military situation on sea and land.

The more optimistic minds expect Constantinople to fall, but there is a noticeable disposition to realize the ships face no easy task notwithstanding the twenty mile range of the guns of the super-dreadnaught Queen Elizabeth.

Gale Interferes With Operations.
Whether any progress has been made since the outer forts were demolished has not been made known officially a statement issued tonight saying that a gale from the northeast is sweeping rain and mist before it, hindering the operations and militating against long range firing and making it extremely hazardous if not impossible for aeroplanes to take wing from the ships for observations which are necessary to direct the fire. The interest which the British people are taking in these operations is evidenced by the frequent official statements regarding them. Little of importance has occurred in the western theater of the war and of the operations in the east the Russians are claiming much and the Germans are saying little.

There are signs that the Russian armies are again feeling their way, preparatory to a vigorous offensive. Germany has conceded that the Russians have retaken Przasnysz, north of Warsaw and the Russians are still elaborating on its strategic importance.

Announces Retaliatory Plan.
If the combined fleets of Great Britain and France can prevent it, no commodities of any kind except those now on the seas shall henceforth until the conclusion of the war reach or leave the shores of Germany.

This is England's answer to Germany's submarine blockade and it is to be effective forthwith.

Premier Asquith, reading from a prepared statement, made this announcement in the house of commons this afternoon at a session which will be historic. Studiously avoiding the terms "blockade" and "contraband" for these words occur nowhere in the prepared statement, the premier explained that after this day the allies considered themselves justified in attempting and would attempt "to detain and take into port ships carrying goods of presumed enemy destination, ownership or origin."

The premier emphasized however, that vessels and cargoes so seized were not necessarily liable to confiscation and begged the patience of neutral countries.

He added that in taking such a step the allies had done so in self-defense.

ROBBERS LOCK FIVE IN BANK VAULT AND ESCAPE WITH \$1,500

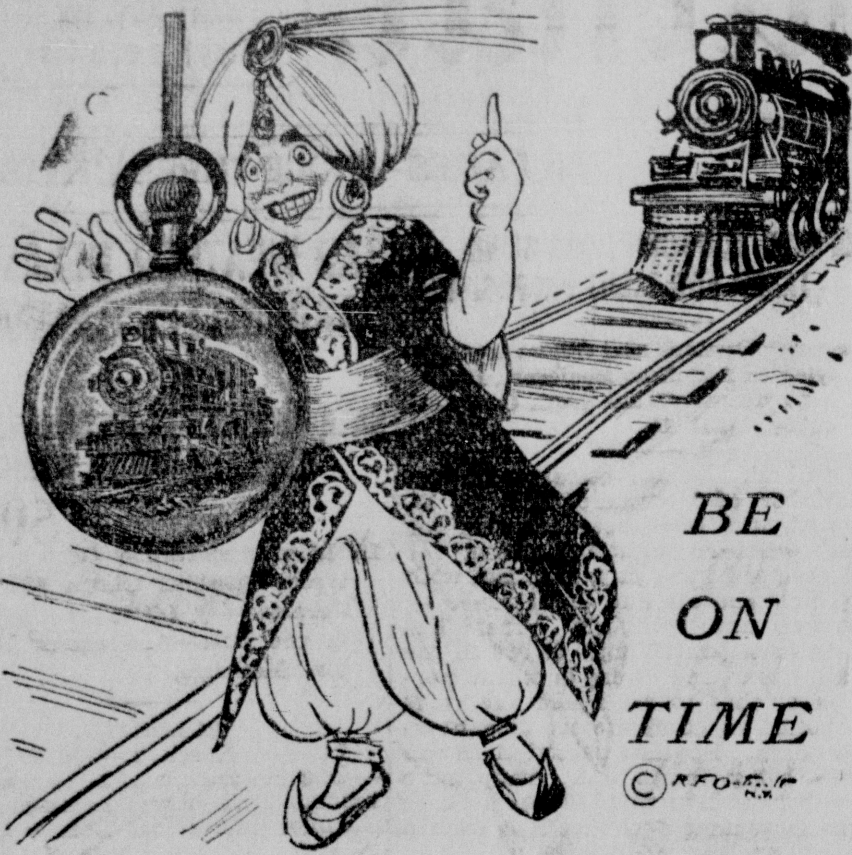

WILLIAMSVILLE, Mo., Mar. 1.—The president, the cashier and three directors, one of them a woman, of the Williamsville State Bank, were locked in the bank vault this afternoon by two masked robbers who escaped with about \$1,500. Bloodhounds and a large posse immediately started in pursuit.

The robbers entered the bank during a meeting of the board of directors in locking the directors in the vault they overlooked a large amount of cash stored there. They took all the money at the cashier's cage.

As they fled they were showered with buckshot from the gun of a jeweler in the building who heard the calls of the imprisoned directors. One of the robbers threw up his hands and mumbled as though wounded. The prisoners in the vault were released a few minutes later.

CUTTING OUT MIDDLEMEN.

The farm adviser movement as it has developed in a great many counties involves the question of co-operative buying and selling. While the movement has for its general motive the improvement of soil fertility and is thus of common interest, and of general benefit to a county as a whole, there is a basis of difference of opinion on the question of co-operative buying and selling. Strictly from a farmer's standpoint this plan has its benefits, but underlying the question is the very large one of eliminating the middle man.

During recent years, and especially during recent months, the various experiment stations and the agricultural department of the government have had a great deal to say about eliminating the middleman as a help toward reducing the high cost of living. The total elimination of the middleman in the average community would put about half of the merchants out of business, and it can be readily seen that a movement which has for its definite aim the accomplishment of bringing producer and consumer into closer relationship will not have hearty and undivided support.

In many of its phases the general movement to better and improve farm conditions has the co-operation and support of merchants and business men, but in this particular there must, eventually at least, come a parting of the ways. In various counties where a farm adviser has been employed the farmers have found it greatly to their advantage to purchase seed in common and have also shipped in phosphate and lime and fertilizers of other classes. In several counties the plan followed is for the central organization to buy up all of the seed in the county which is offered for sale and later on to resell to the farmers or to ship out any surplus there may be.

So in this co-operative buying and selling there has inevitably come about interference with the business of some of the nearby merchants, and while the farmer and consumer may have both been benefited, individual business men have not shared in the benefit. This statement is not intended as a criticism of the farm adviser movement nor as a note of warning, for it is true that any movement which tends to curtail expenses of one class of citizens always reduces the profits of some other class.

PROPOSES LAW REFORMS.

Samuel Untermyer, one of the most prominent corporation lawyers in the United States, a vigorous opponent of corporate abuses and at present working for reform in the administration of criminal law, is 57 years old today. He is known to all investors for his defense of minority stockholders in many corporation deals. He was born at Lynchburg, Va., March 2, 1858, and went to New York to complete his studies. He received his law degree at Columbia and was admitted to the bar in 1879. He met with great success from the start, particularly in organizing mining, manufacturing, brewing, industrial and railway corporations. He is counsel for many such corporations.

Mr. Untermyer has been identified with some famous cases, one of which was his defense of James Hazen Hyde in the Equitable Life Insurance investigation, which brought about the investigation of the big insurance companies and the enforcement of more stringent laws. He has appeared often in

public as the champion of federal regulation of trusts, of laws to protect minority stockholders and of revision of criminal procedure. He declares our administration of criminal law is barbarous, because the newspapers are permitted to advance theories of guilt pending the official investigation of crimes. He urges the appointment of public defenders for criminals, as well as public prosecutors, so that the accused criminal will have a show. He declares we have now no reasonable certainty of the protection of the innocent or the punishment of the guilty.

SEES BLESSING IN LIMITED ARGUMENT.

John D. Long, former Secretary of the Navy, has put into a letter to the American League to Limit Armaments a statement of his reasons against any change in the policy of naval construction and equipment at this time. His views coincide with those of William E. Chandler, another former Secretary of the Navy, as given in his recent letter to Senator George C. Perkins. He favors a "reasonable, normal" increase of the navy for coast defense and international peace duty, but says the United States "must not let the European situation throw us into a panic," and suggests that "our comparatively modest, but by no means inefficient, preparation is a blessing in disguise, since it would lead to some other less bloody and costly means of adjusting an international difficulty, should one arise, which he deems most unlikely."

DRUG FIENDS MUST SUFFER.

The new drug law now in effect will eventually prove a helpful measure, but it will cause a vast amount of suffering among drug fiends. The army of them has increased so rapidly during recent years that the government was impelled to act. Gov. Dunne has already received pitiful appeals from some of those who have the drug habit declaring that without the "dope" that death is preferable. Physicians, pharmacists, nurses and others familiar with the deadly effects of the drugs are numbered among the victims but seem powerless to "break away." Such facts furnish a sad comment upon human character but must be faced nevertheless. The right kind of drug legislation long ago would have saved a lot of misery and crime.

SEES SALOONS AS CRIME CAUSE.

The murder of a third young woman at Aurora has filled that city with both shame and terror. In the pulpits Sunday the most recent crime was the theme of most of the ministers. Rev. T. H. Marsh formerly of Jacksonville told his hearers that the condition was simply the outgrowth of the saloons and there ninety percent of all the criminals were bred. Other ministers took occasion to point to vice conditions as responsible for the crimes which have made Aurora citizens stand aghast and declared the city is reaping what it has sown.

Meanwhile the impression grows that while Jacksonville is not all that it should be and will be with passing years, that it is now one of the safest and cleanest cities in Illinois or adjoining states.

RE-ADJUSTING MAIL COSTS.

Senator Weeks is demanding that the senate take some action looking to one cent letter postage. A law or ruling to this effect would prove very popular throughout the United States. A complete readjustment of rates would be necessary however while the government makes a profit at two cents, this surcharge is more than wiped out by deficits on other classes. There is a growing belief that each class of mail matter should be made to pay its own carriage and this rule would mean one cent letter postage.

HIGH SCHOOL ATTENDANCE FIGURES.

In the year closing June 30, 1913, there were enrolled in the high schools of the state 78,942; in the year closing June 30, 1914, there were 83,961 pupils enrolled, a gain of over 5 per cent, whereas the gain in the enrollment in the elementary schools is only 2.6 per cent. The figures are taken from the Educational Press. While the enrollment in the high schools, as compared with the enrollment in the elementary schools, has been gradually increasing, this rapid and unprecedented growth must be attributed to the free high school tuition law.

FORMALDEHYDE

The Farmer's Friend

It has many uses upon the farm and in the home. The value of Formaldehyde in treating grain smut is recognized by scientists.

The farmer cannot be too careful in selection of his seed; that which appears to be free from smut may be strongly contaminated. The farmer ought to be sure that his seed is free from disease germs before planting, and under the circumstances the only way to keep on the safe side is to treat all seed. Recent improved methods of manufacture have cheapened the price of formaldehyde so that it is now inexpensive.

Come in, talk with our druggist regarding the formaldehyde treatment of grain smut. Let him show you how cheaply and easily you can get better results. Formaldehyde has many uses and is rapidly replacing more poisonous and dangerous germicides.

Seeks Election on Record in Office

For the past three years I have served as a city commissioner, by appointment, in charge of the water and light departments. Working with other members of the council I have added largely to the equipment of the two departments and the service and results have been greatly improved.

Water Department Facts

The total collections have more than doubled in the past three years. These are the figures:

Total in 1910, \$16,554.11
Total in 1914, \$35,283.08

Light Department Facts

The light plant has been modernized during the past fifteen months and although much yet remains to be done the city is now better lighted than ever before. A little more than a year ago there were 187 ARC lamps and ONLY HALF OF THEM WERE USABLE.

Now there are 656 incandescent lamps and MORE are being ADDED AS NEEDED.

I have spent night and day "on the job" and seek election on the basis of the record I have made while holding office by appointment. Look up the facts; look up the figures; examine the water and light plants.

HOG FEEDERS

We, after several tests, that 1-3 alfalfa chopped up and mixed with 2-3 shelled corn while corn is hot, after taking it out of our Grain Softener, and letting stand 2 or 3 hours in separate tank with cover over it, makes a good hog feed. We add 1-2 gallon of soda to each 15 bushels corn we cook and this helps to keep hogs healthy.

Cob meal cooked and mixed with alfalfa or clover the same way makes a good feed for milk cows. Silage will also make a good mixture, but chopped shock corn answers nicely, if it is very hot when mixed, with plenty of water in feed.

The Amish people mix their feed at 4 o'clock each morning to feed at sun-up, they put the cookers in their barns on cement floors, and make a fine of double tile, 12 in. and 8 in. with cement between them, to pass through loft. This makes a good room in the barn to mend harness, etc.

Do not feed shelled corn alone to anything. It is too rich when cooked in my cookers, too much digestible protein and oil in it. To anyone who feeds cattle we will ship one on 30 days trial, so it will not cost you a cent to test it and all cattle feeders will find it saves them 1-2 their feed, and hold the gain on hogs commonly obtained with the syrup and oil drawn off the corn made into a slop.

CHAS. WOOD, R. F. D. No. 6

P. S.—This mixture for cattle makes the best horse feed I ever saw feed. The Dutch feed it to all their horses. Try letting it steep in boiling hot water on back of your cook stove for one team but do not let it get hot enough so you can smell it cooking, and it will then lack almost 25 per cent of being the same as my feed.

Board of Education Discussed Salaries of Substitutes at Meeting Monday Night—Parent-Teacher Associations for the Eighth Grade and High School.

The board of education met in regular session last evening and the main work of the session was increasing certain salaries. The tablet in the David Prince building was ordered to be a large block of stone with raised letters. A parent-teachers association in the high school and eighth grade will probably be formed.

The Proceedings.

After routine business the clerk read the following communication from Dr. A. E. Prince of Springfield:

"Springfield, Ill., Feb. 8, 1915
"The Board of Education,
"Jacksonville, Illinois,
"Gentlemen:

"I learn that the memory of my father has been honored by the use of his name to designate one of the public school buildings of Jacksonville.

"This act is a source of gratification to me and to my family, and I wish to express our appreciation by contributing a portrait, which may serve to perpetuate the memory of his likeness, while the name of the building preserves the memory of the interest he always took in the advancement of education in the city which is identified with the best labors of his life.

"The accompanying portrait is the work of a Mr. Clark, who will be remembered as a Jacksonville citizen and artist.

"Very truly yours,
"Arthur E. Prince."

The clerk read a letter from the Typographical union of this city asking the Board to co-operate in making print shops better by using union made books in the schools.

At the last meeting there was a question regarding the salaries of some of the substitute teachers and a movement was made to have them increased. At that time Supt. Collins explained that the board had agreed to a schedule by which they had promised to be guided and said that a substitute teacher who had not taught before should be eligible to no more than \$25 a month for the first two years while she was getting experience which would fit her for a permanent instructor at a higher rate. He claimed the matter had been fully canvassed by the teachers and members of the board and cheerfully acquiesced in by the teachers.

On the other hand it was claimed that it hardly seemed fair as the two substitute teachers were doing the regular work of teachers and were entitled to the same pay when, as Mayor Davis remarked, they were delivering the goods.

The matter had been referred to Supt. Collins and the committee on teachers and salaries. The matter of the compensation of Fred Goodrick, band master, was also mentioned as worthy of a raise. Member Clampt said he reported the following recommendation: That Bandmaster Goodrick's salary be increased to \$45 from \$35 a month, dating March 1st; that for athletic training Dale Foxell's salary be increased ten dollars a month beginning March 1st; Misses Lillian Carter, Bess Pratt and Ruth Peak, substitute teachers from \$25 to \$35 a month beginning Feb. 1st. Some of the members wanted to make the last three \$45 a month.

Supt. Collins said he hardly thought it fair to the other teachers to do this when the schedule had been adopted and fully understood the teachers were wholly satisfied and he felt that it would be hard to satisfy the others who feel this was unfair. He had urged several other teachers not to ask for a raise this year as funds were low and it would look unfair to them and undo the work the board had agreed to stand by right along.

Mayor Davis reiterated his statement that if the substitute teachers delivered the goods they were entitled to the pay no matter whether they had any experience or not and Member Rogerson spoke in the same vein.

Member Clampt said experience should count for something. Regular teachers had gone away to Normal and had especially prepared themselves. Member Wells said he would be glad to see the teachers get \$45 but it hardly seemed the thing to break the schedule which had been agreed to by the board and all teachers and what would the board do next year?

Supt. Collins said Mr. Beland and Misses Goodrick, Taylor and Kuechler were doing lots of extra work, hours a day, and some of the 8th grade building teachers were doing the same thing and getting no pay extra. Member Imgrund was of the same opinion as the mayor and insisted if the substitute teachers were doing the work of regulars, which was the fact, why shouldn't they have the pay? He asked why they were raising Bandmaster Goodrick \$10. Member Clampt said Mr. Goodrick did not come under the same rules as the teachers as his work was special and worth all that was asked for him.

Member Rogerson moved the recommendation of Member Clampt regarding the three young ladies be amended to read \$45 a month and Member Imgrund seconded. Mr. Rogerson's motion also included the provision that hereafter salaries of substitutes during the first and second year's work be determined by the board.

The vote on the amendment stood, Clampt and Wells, no; Mayor Davis, Members Rogerson and

Imgrund, aye, and the mayor declared the motion carried and the original was then put and carried with the same vote.

Members Clampt and Wells said they wanted it understood that they favored doing all possible for the teachers, but when the board had agreed on a schedule and the young ladies were satisfied they deemed it unwise to make a change.

Mayor Davis said he, too, was a friend to the young ladies and felt they were worth the raise, as they were well doing the work of regular teachers who would get \$50 a month and he thought the raise was fair play.

Member Imgrund said while raises were the order of the meeting he had one to ask. Mrs. Smith, teacher in the Independence school was getting \$60 a month, but had to be there some time before school in the morning, stay at noon and some time after closing at night and he wanted more pay for her.

Considerable discussion followed. The question was raised that it couldn't be done under the schedule adopted, as the lady was now getting top teacher's salary.

Member Imgrund said that a teacher in the past in that school had been rated as principal when there were two rooms and when the school changed to one room two ladies had received the same pay, being called principals; \$70.

It was suggested that a person alone in a building could hardly be rated as a principal.

Member Imgrund said in the Morton school there were four teachers and they took turns coming early, staying at noon and night, but Mrs. Smith has it all alone.

It was suggested that the total enrollment of the school was 28 and a janitor was getting \$25 a month, which would make it a pretty expensive school, but Member Imgrund said the work was the question no matter if there were but ten pupils.

Mr. Collins said the lady had begun at \$50 and had been raised to \$60, and it seemed unwise to make this raise. If the schedule is to be broken into in this way where will be the end?

Member Imgrund said he only wanted what was strictly right and just and didn't want to violate the schedule if it could be helped and asked why Mrs. Smith couldn't be declared a principal and so get a raise in a proper way. He would be satisfied with \$65 a month.

The matter was finally referred to the committee on teachers and salaries with orders to report at the next meeting.

Member Imgrund reported that the curtain for the auditorium in the David Prince building had been ordered.

The matter of screens or protection for the lower half of the windows in the building was brought up and it was decided to have them.

The question of a suitable tablet for the new building was discussed. Bronze had been talked of, but it was the sense of the meeting that stone be used and a piece or block large enough to make the letters DAVID PRINCE SCHOOL and date large enough to be seen at a good distance and to have it placed on the south side of the building.

The matter of tuition was mentioned and the principal of the high school was instructed to see that it was paid, though not to insist at ways that it must come at once.

Supt. Collins asked if there would be any objection to a parents-teachers' association in the high school and one in the eighth grade, as a federation of all in the city would probably be desirable and he was told that the board favored the idea.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderuff at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

EIGHTY CONVERSIONS AT FIRST BAPTIST CHURCH

Members Find Great Awakening in Series of Evangelist Services Just Concluded By Pastor Stephens—Special Services Wednesday Night

Sunday night witnessed the closing of the special series of revival services which have been in progress the past two weeks at the First Baptist church, under the evangelist efforts of the pastor Rev. Percy Stephens. The audience was so large Sunday night that many had to be turned away and during the entire meetings over 80 conversions were made. Other churches of the city have felt the influence of the revival spirit as well as the entire community.

Rev. Mr. Stephens' method of conducting the services found a ready response in the mind of everyone. The Red Book service, each evening in the Sunday school room of the church, after the regular service proved very effective. Some of the older members of the church do not recall when such large crowds attended services in the church.

Nineteen people have been baptized and next Sunday night others will be baptized. Next Wednesday evening there will be a Thanksgiving and praise service and it is expected that the attendance will be large. The pastor is also preparing to give a series of special sermons on the subject "Through the Bible" and in connection with this will be used magnificent diagrams, 8 by 20 feet. These services will supplement the evangelist services of the past two weeks.

The singing by Miss Bird Duncan has been a wonderful inspiration and she has proved not only a valuable leader of the chorus but her work as a soloist has been of a most uplifting character.

Rev. Mr. Stephens preached Sunday night from the subject "Going Away From Christ", the text being John 6-667, "Will Ye Also Go Away?" Simon Peter answered and said, "To whom shall we go, thou hast the words of eternal life." From this text the pastor drew a most forceful and heart searching lesson.

Has Fine Action in the Blood

Does Real Work in Cleaning Body of Impurities.

It is to the skin that blood impurities are driven by Nature. And it is in the skin that S. S. S., the famous blood purifier, has its most pronounced influence. For it is here that you see the results S. S. S. makes it so effective. It drives into action all the forces of the body, arouses digestive secretions, stimulates the blood circulation to destroy disease breeding germs.

Upon entering the blood S. S. S. is carried throughout your body in about three minutes. And in a brief time it has any blood trouble under control. It is no longer can multiply. Wadly new flesh is formed in all broken-down tissues and the skin takes on the ruddy glow of health. Be sure and get a bottle of S. S. S. today of any druggist, but avoid all substitutes.

Around the bottle is an illustrated circular that tells you how to obtain special free advice in quickly overcoming serious blood disorders. S. S. S. is prepared only by The Swift Specific Co., 25 Swift Bldg., Atlanta, Ga.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—impurities—house look in your face—dark eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.

REINFORCEMENTS ARRIVE AT GRACE CHURCH REVIVAL

Rev. P. R. Powers of Quincy to Assist in Meetings—Services Sunday of Great Influence.

At the Monday night service, at the Grace church revival a large increase in the attendance indicated the growing interest. Rev. P. R. Powers of Quincy was present and preached the sermon. The speaker went right at it. His words went straight to the heart of the situation. His message was "The Value of the Human Soul and the Price of its Redemption." He laid the responsibility of success upon the right appreciation and effort on the part of Christian people. He said that always when a church put into the work of saving men and women the faith and energy that showed their deep interest in the work success always attended their efforts. There was a fine response to his appeal.

Already conviction is manifest. Rev. Mr. Powers has a very pleasing voice and address. His earnestness is manifest and his coming will be an inspiration and blessing to the meetings.

Tonight's Services. Tonight at 7:00 o'clock a meeting of the Epworth League will be held in the Sunday school rooms to which all the members of the League are urged to attend and all young people are invited.

At 6:00 o'clock last evening the Sunday school teachers and officers about 49 in number met for luncheon and discussion of the work to be done for the Sunday school during the revival.

Friday night of this week is to be Sunday school night when it is expected that hundreds of Sunday school people will be present at the meeting.

The chorus did fine work last night. All are welcome to the meetings. The cottage prayer meetings are not being held this week but the time will be given to the groups to visit among the homes of the people.

Sunday Services. The services on Sunday were of unusual interest, two fine audiences were present to hear the messages of the pastor. The singing Sunday night was a great inspiration. Nearly forty voices sang the gospel as it is seldom heard. Miss Ina Berryman sang a fine selection at the morning service and Mrs. Florence Hartman sang a beautiful number at the evening service. The evening sermon was on the text "Be Sure Your Sins Will Find You Out." Many went home with facts and illustrations ringing in their minds that are calculated to bear fruit not many days hence.

EXPECT TO STAMP OUT CATTLE DISEASE BY END OF THIS WEEK

Only Five Herds in Illinois Remain to be Killed—Six More Counties are Taken Out of Modified Quarantine Area.

Chicago, March 1.—Federal and state officials expect to stamp out foot and mouth disease in Illinois by the end of the present week, when the last infected animals will be slaughtered.

Only five herds remain to be killed. The cattle awaiting slaughter are in Jo Daviess, Ogle, Lee and Henry counties.

Anxious to Pass Measure. In the meantime members of the house and senate of the Illinois general assembly are anxious to obtain the passage at the earliest possible date of a bill providing for the payment of the state's half of the damages due the farmers whose stock has been slaughtered.

There are three bills pending in the house, one appropriating \$1,000,000 and the two other bills appropriating \$1,000,000 each while in the senate there is a bill making an appropriation of \$1,000,000.

Illinois Greatest Sufferer. Figures compiled by the United States bureau of animal industry, showing the situation regarding foot and mouth disease in the different states affected as existing Feb. 16th, proved Illinois to have been the greatest sufferer. Illinois, according to the report, had 51 infected counties, 658 infected herds, 22,950 cattle, 680 sheep and 27,840 swine, a total of 51,482 infected animals.

Ohio had 36 infected counties, 186 infected herds with a total of 10,625 infected animals.

Pennsylvania had 28 infected counties, 707 infected herds with a total of 18,561 infected animals.

In Michigan the total number of infected animals was 7,750; in Indiana 6,804; Iowa 3,572 and Wisconsin 4,440.

Placed in Restricted Area. Springfield, Ill., March 1.—Six more counties today were taken out of the modified quarantine area on account of the foot and mouth disease and placed in the restricted area. They are Brown Green, Pike, Scott, Christian and Clark. The order permits the shipment of livestock from these counties to the stock yards at East St. Louis and Chicago for immediate slaughter without inspection at the place of shipment.

GOOD WOMEN, THE "SALT OF THE EARTH."

(Contributed by Lycurgus.)

All know the properties of salt. Ashes mixed with water yield an alkali. An alkali mixed with grease yields soap. Soap is a cleanser of all manner of filth, dirt. Salt is an ash and will yield an alkali when dissolved in water. The water of the ocean is alkali from the salt of ocean being dissolved in the water. Salt applied as a disinfectant, that is, a preserver from decay, hardens and closes the pores of flesh meats, thus prevents decay from going on in substances subjected to combustion, that is, decay.

In a mystical science, "Ye are the

Salt of the Earth" indicates a most profound mode of expression in emphasizing the elements of morality and religion as being of a preserving and cleansing nature. Good women are the "salt of the earth" because they are characterized, by their natures, by the elements of morality and spirituality, thus, they have become "the salt of the earth." The same may be said of good men, but man, by constitution, is a less evolutionary advanced animal than is woman. Woman, by her natural constitution, is endowed with greater quantity and quality of moral and religious power than is man. This is demonstrated as being true to fact for, if all good women should withdraw from the churches, they would disintegrate and perish, if left to man alone, to perpetuate and uphold.

The proofs are still more abundant than in this one instance, of the moral and religious superiority of woman over man. Those who are not blind, not biased, prejudiced against the woman movement in this age, will see by the facts, that women are the uplifting power of the human world and not man. The moral influence of women shows its effective work in every home as related to the husband and offspring. All of us had, and have "good mothers." Many a husband has been exalted as it were, from the brink of hell by his good wife's moral stamina. All know of such cases of this nature without specifying.

As before remarked: Were the life of religion dependent upon the man separate and apart from the woman, there would not be a religion existing today. Let women, their labors, their influence, be withdrawn from the religious bodies, religions would perish, their lights would go out never more to be relighted without the woman did it.

Man, as male, is not religious because his emotional nature is not easily wrought upon, and from the emotional nature derives religion. But the emotional nature of the woman is in the ascendancy by her constitutional makeup. She is, therefore, by her nature, moral and religious, and this nature is more easily wrought upon than is man's emotional makeup. Hence, in all revivals of religion, the greater part of the converts are women.

Now, good women the "Salt of the Earth" is fully shown in public life in the labors of women. Her influence, aside from political, have transformed gambling dens, carousing dance houses, places of debauchery and human soul debasement of both sexes, in many towns and cities, within a quarter of a century. Her political influences only turn the majority vote and if that voted for has no particular moral or uplifting forces attached, this influence will not count as being worth while. But, if that voted to secure is weighty with moral uplift women can and will have been a moral force in political issues. No one will gainsay this, but a male who knows his political game of graft is coming to a close by the advent of good women in the political arena.

The vast sweep outs, purgings of political operations, which is in the power of women to accomplish, this power is not consciously known to women who now labor for the public uplift. The great whole of women is yet "dead" not discerning splendid opportunity to now exercise a political power for the redemption of the political world from corruption, greed and graft to satiate that greed. The good women will yet awaken from their "deadness" and yet repeat:

"Let us be up and doing,
A heart for any fate,
Still achieving, still pursuing,
Let us learn to labor and wait."
This will be the growing spirit of all good women of the future and of the new.

MR. ECKHARDT WILL COME WEDNESDAY, MARCH TENTH

Address by Well Known Farm Adviser Will Be Given in I. O. O. F. Temple on East State Street.

The day and date for the coming of W. G. Eckhardt, farm adviser of DeKalb county, has been fixed for Wednesday, March 10th, at 1:30 o'clock. He will give an illustrated address on "How a Farm Adviser Pays," at the Odd Fellows' Temple on East State street.

The address will include a variety of subdivisions, and Mr. Eckhardt will discuss the control of contagious animal disease, soil fertility and analysis, crop improvement, dairying, fertilization, co-operative buying and selling, standardization, the co-operative purchase and sale of seed; and will also consider the farm adviser question in its purely financial aspect.

Following the address an opportunity will be given for questions and it is believed that the afternoon will prove one of distinct value to the farmers of Morgan county and all of them are invited, whether or not they are members of the Farmers' club, under whose auspices Mr. Eckhardt will make this visit to Jacksonville. The address will begin promptly at 1:30, and it is announced that at 12 o'clock noon on that day Mr. Eckhardt will take lunch with a few friends at the Peacock Inn. Any persons who care to be present at that time can arrange to do so by making a reservation at the Inn.

EUROPEAN WAR NOTES

London, March 1.—(10:53 p. m.) An admiralty statement reports that one marine was killed and three were wounded on the British Battleship Vengeance in the attack on the Dardanelles forts on Friday.

Berlin, March 1.—By wireless to Sayville, L. I.—There has been formed in Brussels according to the Overseas News Agency a new association called the Union DesVilles, the object of which is the rebuilding of Belgian towns. It is headed by prominent Belgians. The German governor-general has promised the association full facilities for the carrying out of its work.

London, March 1.—(6:10 p. m.) The vote of credit asked by the government, the largest ever put before the house was adopted unanimously.

London, March 1.—(8:55 p. m.) The attack of the allied fleet on the Dardanelles has been interrupted. The official information bureau issued a statement tonight saying that the operations were being delayed by bad weather.

Vienna, via London, March 1.—(10:30 p. m.) The following official communication was issued today: "Successful battles have been fought in the western sector of the Carpathians front. Several Russian positions were captured and nineteen officers, 2,000 men and much war material also were taken."

"In the region south of the Dniester the Russians have been reinforced and stubborn battles are proceeding. All attacks on our positions have been repelled with heavy losses to the enemy."

"In Poland and West Galicia only artillery engagements have occurred."

Roy E. Clifton of Springfield was a visitor in Jacksonville Sunday. Mr. Clifton, until recently a student at the Jacksonville Business college, holds a position with the Springfield Drain Tile Co.

CARE OF THE EYES.

Health as Well as Beauty Demands That Eyes Get Attention.

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place after driving or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or pinch water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day. The dull, sunken eyes, the hollow circles and sallow complexion of many women is due, however, to the complaints and diseases peculiar to women. The best thing I know for this is Dr. Pierce's Favorite Prescription, because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and banishes pain. Dr. Pierce publishes the ingredients on the wrapper so it is not a secret and I have seen many women cured by it and not only that, but the dull sunken eyes, the sunken cheeks and bust, have taken on a sparkle and healthful appearance. Thousands of women have testified to having been cured of womanly diseases by this Prescription. It speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous irritable and exhausted women.

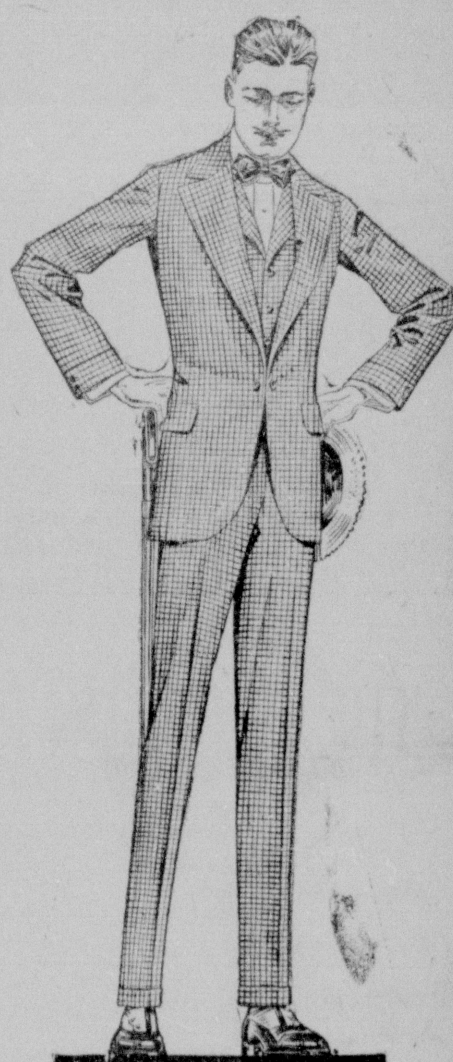

It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe.

THE TRUE HARBINGER

Most harbingers of Spring are fakes; the man depending on them wakes to find they fooled him and he sees he has the grip, or some disease. He sees some harbingers on deck, and says, "The Winter's gone, by heck; a soft wind from the southland blows, and I shall change my underclothes, and put my overcoat in soak, and dance and sing and laugh and joke." And then a blizzard comes along, and shows him where he got in wrong. Oh, don't assume that Spring is here, when juncrow harbingers appear; but wait until the clucking hen is fussing round the yard again, intent on hatching sundry chicks into this world of politics. And don't be fooled by pullets young, which cluck around ere Spring is sprung; they're too impatient in the cause; the fire of youth is in their craws. But wait serenely till you've heard the clucking of the wise old bird, which has outlived the zeal of youth; and long since cut her wisdom tooth. When she gets busy, when she begs for nest of straw and fourteen eggs, then, gentle reader, you may shed your under-wear of flannel red; for when the old hen plays her game, we realize that Spring has come.

Corn-Mad? Use "GETS-IT," It's Sure

Makes Corns Vanish Like Magic!

A hard cap of skin makes up every corn. When you put 2 drops of "GETS-IT" on it, it shrivels up and comes right off—and there's your corn—gone by thunder! Simple as taking off your hat! That's why corn-millions have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" knives, gouge corns out with knives, snip them with scissors, make them bleed and then howl because they can't get rid of sore corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

FIRE CAUSED DAMAGE IN WELLS FARGO EXPRESS OFFICE

Joseph Lucas Had Narrow Escape—Awakened When Bed Clothing Caught Fire—Blaze at Harrigan Building.

A fire was discovered about 6:30 Sunday morning at the office of the Wells Fargo express company on West State street. Smoke filled the building to such an extent that it was difficult to combat the flames, but the firemen succeeded in handling the fire without serious property loss. The total damage to the building, which is owned by William Baiz, will not be more than \$300 or \$400. The express company's loss is figured by J. H. Jackson, agent, at \$140 or \$150, and the barber shop of William J. Gray was damaged slightly by water and smoke.

Joseph Lucas, who sleeps in the express office, was awakened about 6:30 by the smell of smoke and the crackling of flames and found that the bed clothing on the cot where he was sleeping was on fire. He jumped to the telephone and gave the alarm and very soon afterward had made his escape from the building. The fire had evidently caught in the basement of the building and had burned its way up through the flooring beneath the cot where Lucas was sleeping. The space there is partitioned off, and the little room was very full of smoke when the young man awakened and he certainly had a very narrow escape. The flames had advanced to such an extent when discovered that it was necessary for the fire department to use water. The total damage done was comparatively slight.

Fire at Harrigan's.

About 9:30 Monday morning some one who was standing at the corner of the city building and looking north on Sandy street, saw flames shooting up through the roof of the Harrigan Bros. building. The firemen made a run to the building with the chemical and arrived before the occupants of the building had discovered that the roof was on fire. By the use of a Babcock the flames were extinguished after a small hole had burned in the roof. It is probable that the fire caught either from a passing engine or from a spark from the chimney.

WOMAN'S BEAUTY NO SECRET

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, and restore their health to a normal condition.—Advertisement.

FULTON'S WONDERFUL PREDICTION.

New York, Mar. 1.—It was just 102 years ago today that Robert Fulton, the inventor of the steamboat, predicted in a letter to an army officer, that torpedoes would "produce a change in maritime affairs". That the steamboat inventor had actually made torpedoes in a patriotic effort to aid his country in the defense against the attacks of England, then at war with the United States, is a fact not generally known. His letter was written to Gen. William Duane, and was recently auctioned for \$22.50. "I am happy to find you continue the firm friend to torpedoes," Fulton wrote. "An infant art which requires only support and practice to produce a change in maritime affairs of immense importance to this country. Expecting the enemy here, I have not been idle. I have prepared nine torpedoes with locks that strike fire by concussion and four with clock work locks."

OPEN OKLAHOMA RAILROAD.

Tulsa, Okla., Mar. 1.—The Oil Belt Terminal, former Governor Haskell's latest railroad venture, begins operation today, in close affiliation with the Frisco, with which it eventually will be combined. The new road places Tulsa within two hours' journey of the Cushing oil fields. The new road is only seventeen miles long, but it is one of the most important of the new ventures in this state. It extends from Jennings to Drumright, now a city of 12,000 although only a year and a half old. Two more short lines are contemplated, running into the city of Sapulpa.

MARTY O'TOOLE SIGNS WITH COLUMBUS A. A. TEAM

Columbus, O., March 1.—Marty O'Toole, pitcher, formerly with the Pittsburgh Nationals, signed a contract today to play with the Columbus American association team the coming season, according to a message from South Framingham, Mass., where Manager Quinn signed O'Toole. He will be considered part pay for Hinchman and Gerber, sold to the Pittsburgh club last fall.

SWEENEY TO JOIN BOSTON AMERICANS

Boston, March 1.—William Sweeney, who was recently released by the Chicago Nationals, today signed a contract to play with the Boston Americans during the coming season. Sweeney was formerly captain and second baseman of the Boston Nationals going to Chicago in connection with the Braves deal for Johnny Evers.

AMERICAN HEADS WAR ON PERSIAN PIRATES

Worcester, Mass., Mar. 1.—Word has been received here that Major George Edwards, formerly of Worcester, who is with the gendarmes of Persia, will be chosen to head the gendarmery as the result of the Swedish government recalling their army men from Persia. The Swedes have left for home, where they are ordered to report on March 1. Major Edwards will have charge of the work of clearing Persia of the bands of highwaymen, robbers and pirates. Before leaving for Sweden Gen. Hjalmarssen, who has had charge of the work in Persia, conferred with officials of China on the problem of clearing that country of robbers who are molesting missionaries.

Meeting Them Face to Face

P. E. Newell

We introduce today Mr. P. E. Newell, auditor of the Jacksonville Railway and Light Company.

Mr. Newell is one of the recent acquisitions to the family of "Your" Utilities Company. For several years past he has been assistant auditor of the Decatur Railway and Light Company, but recently was promoted to the position he now holds. Right at the start we will state that he is a bachelor but he denies the allegation that the presence of the (Woman's) College had anything to do with luring him to Jacksonville.

Mr. Newell has entire charge of the accounting of the Jacksonville Railway and Light Company and in this capacity he comes in close contact with our patrons. He is the gentleman who straightens out complaints in regard to light and power bills and who is responsible for balancing up the accounts at the close of each day's business.

This is introduction No. 5 in the "Meeting Them Face to Face" series. Look for the next one and become better acquainted with "YOUR" Utilities Company.

WORLD'S MARKET NEWS

**BLOCKADE MEASURES ALMOST
GIVE KNOCKOUT BLOW TO WHEAT**

**STOCK MARKET DISPLAYS
CONSIDERABLE FIRMNESS**

Semi-Panic Follows Word of Pre-
mier Asquith's Speech, Implying
That all Ships Carrying Foodstuffs
Would be in Danger of Seizure—
Corn and Oats Drop.

Chicago, March 1.—Blockade
measures not equalled in a century
gave almost a knockout blow today
to a wheat market staggering from
terrible selling due to signs that un-
limited Russian shipments might
soon be coming through the Dan-
ubian. After breaks that reach-
ed 10c prices closed excited at 10c
to 6½c under Saturday night. Other
net losses were corn 2½@2½c to
2½@2½c; oats 2½c to 2½c and pro-
visions 12½c to 22½c.
Rushes to unload investments in
wheat began the instant that trad-
ing could start. Fleet successes
against the land defense of the
Turks had been so pronounced that
dealers here had only one thing in
mind at the outset—the prospect of
an overwhelming number of Russian
cargoes crossing the Black Sea and
the Mediterranean within a few
weeks and stopping to an unknown
extent the European demand for
wheat from America. Values here
withdrew away 5½c in the wink of
an eye and subsequent rallies of 2c
to 3c proved brief. New low levels
in the wheat market beneath those
touched in the first smash were un-
covered after midday.
Foreign purchasing of one million
bushels for spot cash delivery had
failed to bring about any lasting
return of confidence on the part of
holders. Then came word of Pre-
mier Asquith's speech in London im-
plying that all ships carrying food-
stuffs would be in danger of seizure.
Semi-panic followed in the
wheat pit and although final quo-
tations showed something of an up-
turn from the lowest figures of the
sell-off, the market realized that the
wheat market was in a state of se-
vere depression. Many stop loss orders
were caught on the decline. Buying on
the part of strong interests did
not have much effect. Oats for a
while seemed to have more strength
than other grain. Persistent liquid-
ation though finally forced down
prices for oats even more relatively
than for corn.

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the Bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

Come in and let our vault clerk, Mr. Ewen I. Whitlock, explain.

CONSERVATORSHIP CASE DRAWS ATTENTION AT COURT HOUSE

Children of Thomas Waggener Declare he is Incapable of Caring for Property—Tell About Former Parsimony and Recent Miffence to New Wife.

Judge W. E. Thomson was busy in the county court practically all day Monday hearing testimony on the application of some of the children of Thomas Waggener to have a conservator appointed to manage his affairs. The petition, it will be remembered, was filed about two weeks ago, following the marriage of Mr. Waggener to Mrs. Augusta Colby of South Jacksonville. It developed that Mr. Waggener had purchased a house and lot on West College avenue and decided it to his new wife. The children in their application declared that they believed their father was about to make other expenditures along the same line, and they considered that this was an indication that he was not able to properly attend to his own business.

Mr. Waggener is said to be seventy-six years old and the present Mrs. Waggener is about forty-five. A marriage contract which was entered into provided for the transfer of a house to Mrs. Waggener and for some other concessions. In the document it is understood that the wife agreed to care for Mr. Waggener as long as he lived and various details were arranged, including stipulation as to board to be paid by some members of the family.

Mrs. Hedlin Gave Family Facts.

One of the witnesses yesterday was Mrs. Ada Hedlin, a daughter of Mrs. Waggener, and during her somewhat extended testimony she stated that during her mother's lifetime she went several times a week to the family home and always did the washing. She said that her mother paid her fifty cents a week for this and other work, and that her father thought the charge was excessive and after the mother's death wanted the work done once in two weeks. Further, she said that during sixteen years she had never known her father to give her mother any money except for the purchase of one coat which probably cost \$12 to \$14. The supplies for the family were also paid by Mrs. Waggener, according to this witness's testimony, except the flour and the sugar. Mrs. Hedlin said that her mother raised the money she spent from milking two cows and from chickens that she had, and that she also had the return from twenty acres of land which she had secured from her own parents.

Mrs. Hedlin on the witness stand said that she talked to her father about this transfer to her brother, telling him that it was too low, and that her father offered to deed her land on the same basis if she would take her name off the petition that had been filed asking for a conservatorship.

Father Denied Marriage Plans.

Mrs. Hedlin also testified that she talked to her father the day that he was married to Mrs. Colby about noon and that he told her there was nothing to the report of his alleged marriage or of his giving a part of his property to Mrs. Colby, and that had there been anything of that kind going on that he would have told her about it. The witness said that she understood that her father had the license in his pocket at that time. She testified also that her father for years had been addicted to the use of whisky and that he frequently got up in the night for drinks. Mrs. Hedlin's testimony also brought out that one of Mr. Waggener's children is confined at Jacksonville State hospital and that a feeble-minded brother is at home. She was permitted to tell of an altercation about two years ago when it is alleged that the father shot at the son. The witness said after that her father told her that he didn't shoot to scare the boy, but that he had intended to kill him. The effort of the defense was to show that Mr. Waggener shot at this time in self defense and that the boy was armed with a club.

Another witness whose testimony was heard with special interest was James Hopper, who in the course of his examination related a conversation with Mr. Waggener in which the latter is alleged to have said that he was getting old and probably couldn't find a wife who would love him, but that he guessed he could buy one.

Mr. Waggener's attorneys are Kirby, Wilson & Brockhouse, and the children who filed the petition are represented by J. O. Priest. The children mentioned are Mrs. Eva M. Landreth, Mrs. Lou I. Waterfield, Mrs. Ada Hedlin and Herbert Waggener. The jurors hearing the case include James Vail, S. W. Carmichael, Thomas Hughes, Alexander Howard, W. H. Evans and Archibald Norris.

Many Witnesses Summoned.

Witnesses who have been summoned in the case are Mrs. Augusta Waggener, Miss Edna Colby, George Swain, John Hodgson, W. C. Ledford, J. Q. Johnson, William Young, William Sorrells, Mrs. Clara Cridland, James Cridland, O. F. Butte, Thomas Brown, Mrs. Carrie Caywood, Dr. Black, G. L. Masters, Cass Lindsay, James Hopper, E. E. Wells, Dr. E. E. Sipes, John Hackett, Jas. Elliott, R. M. Hockenbush, T. H. Buckthorpe, John Schmaltz, Chas. Graff, W. N. Hargrove and Rony Decker.

The purpose of the petitioners is to show that their father all through his life has been exceedingly saving with his money and property, objecting to the common expenditures, and that his recent actions give positive indication that he is no longer able to care for his property. It is said that he deeded one son 131 acres not very long ago at a cost of \$6,000 and that some other of the children have objected to this action.

James Hopper and Cass Lindsay in the course of their testimony expressed the opinion that Mr. Waggener is able to transact business.

O. F. Butte testified about a \$4,000 loan recently made to Mr. Waggener.

John Hodgson, one of the principal witnesses of the day, was placed on the stand to tell of a recent transaction or near transaction with Mr. Waggener. He testified that he had arranged with Mr. Waggener for the purchase of the Cridland property at No. 643 South Diamond street and that Mrs. Colby and Mr. Waggener inspected the property and the subsequently Mr. Waggener backed out of the deal. The witness testified that he did not think Mr. Waggener capable of attending to business.

The defense claims that Mr. Waggener has been a careful business man and that he is still fully able to care for his own affairs and that the petition which has resulted in the case was simply occasioned by the fact that certain of the children are jealous and spiteful and afraid that they are not going to get a full share in the estate of their father. Mr. Waggener in lands and money is said to be worth about \$25,000. His farm is in the Sinclair neighborhood and he has been a resident there for a great many years.

The case will be continued today.

LONG DISTANCE MESSAGE BRINGS NEWS OF ILLNESS

Charles Robbins of Hardinsburg, Ky., is very ill with pneumonia according to word received Monday afternoon by his daughters, Mrs. Claude Keenan and Mrs. Wilbur Keenan of Alexander. Hardinsburg is sixty-five miles southwest of Louisville and the message traveled some four hundred miles. Both daughters left with their husbands for Kentucky Monday evening.

WILL RESIDE IN IOWA.

F. C. Worsham and family from east of Jacksonville have decided to move to Tipton, Iowa, and are busy loading their household goods for shipment over the Q. railroad. Mrs. Worsham will go to Concord for a brief visit at the home of her sister, Mrs. Floyd Tomlinson before leaving for the new home in Iowa. They will be accompanied by Mr. and Mrs. Luther Alley who were united in marriage last Saturday evening. The groom has made his home with the Worsham family for the past six years, and as he did not like to go alone he persuaded Miss Cora Bennett to become his wife, and accordingly they were married and will also go to Iowa to reside. The best wishes of their many friends will go with all of them to their new home.

The Reo

What NOT to Do

Don't buy a car unless you are satisfied that the manufacturer are sound, because upon their remaining permanently in business depends two very important considerations, viz: the ability to obtain duplicate parts of your car should you need them, and the market value of the car in case you wish to sell or trade it.

Don't buy a car unless you know something about the dealer. Be sure that he stands well with present owners, for upon his willingness, as well as his facilities to look after the mechanical welfare of your car and guide you through your first year of experience, depends the measure of your satisfaction.

Don't buy a car that is in any sense an experiment. It may be all right for the fellow who is something of an automobile mechanic to stake his money and peace of mind against that which is new and unproved; but your course is to buy a car whose mechanical features have been found safe and correct in actual service and understood by garage men wherever you are likely to drive.

Don't buy a complicated car. Look for the Simple chassis, with parts accessible and easily operated.

Don't be "carried away" by features of beauty and comfort alone. Remember, that while good looks and easy riding are important, that the "real car," the car that is going to either delight or exasperate you, is the car beneath the hood and floor.

FUNERALS

Scott.

The remains of Fred Scott were taken from the Reynolds undertaking parlors at 1:30 o'clock Monday afternoon and were conveyed to the cemetery adjoining the Liberty church lot, west of Jacksonville, where was gathered quite an assemblage of relatives and friends of the deceased and of his family. Brief services were held by Rev. Myron L. Pontius, pastor of the Central Christian church of this city. There was a profusion of floral tributes of affection and sympathy and among them a blanket of white and pink roses that covered the casket. This was from the employees at the state hospital where the deceased was employed previous to his illness. The flowers were cared for by Miss Hattie Scott and Miss Mabel Packard. The bearers were Harry Hembrough, Bert O'royd, Wesley Odroyd, Wesley James and J. E. Farra.

Fred Scott, whose home was at 313 North Mauvaisterre street, passed away at 1:15 o'clock Saturday morning at Our Savior's hospital of lung trouble from which he had been a sufferer since April of last year.

Mr. Scott was a son of Mr. and Mrs. John W. Scott, and was born in Atchison county, Kansas, April 9, 1887, and at the time of his death, had reached the age of 27 years, 19 months and 18 days. For some time Mr. Scott had been an employee at the Jacksonville State hospital and had many friends among his associates, and only gave up his position when he was compelled to do so by declining health. He is survived by his father, John W. Scott, and one brother, James Scott, both residents of Jacksonville.

Loughary.

The funeral of Jesse Loughary was conducted from the Baptist church in the Bend neighborhood at ten o'clock Sunday morning in charge of Elder William Dyer. Music was furnished by the congregation. The flowers were cared for by the undertaker, C. E. Williamson. Burial was made in the Acadia cemetery and the bearers were William Decker, James Smith, David McFadden, R. P. Goodpasture, George Braner and Elias Braner.

Ticknor.

Funeral services for Levi F. Ticknor were held at 2 o'clock Sunday afternoon at Mt. Zion church west of this city, and were conducted by Rev. G. W. Flagg, pastor of Centenary church in the presence of a large gathering of relatives and friends of the deceased and of his family. Singing fitting the occasion was by a quartette comprising Chas. Rowe, W. W. Gilliam, John Lazen-

by and William Wolfe. The beautiful floral tributes were cared for by Misses Florence and Edith Ticknor, granddaughters of the deceased. Among the flowers was a spray of beautiful roses from the lodge of Elks at Pasadena, Calif., of which Harry Ticknor, a son of the deceased is a member.

The bearers were Marshall Stout, Bert VanWinkle, Alinson Thompson, Emory Carter, Thomas Paschall and Gus Waltman. Interment was in the family lot in Diamond Grove cemetery.

Thompson.

The funeral of Mrs. Jacob Thompson was conducted Sunday at Naples and burial was made in the Naples cemetery. The flowers were in charge of Misses Margaret Green and Beulah Hatfield. The bearers were Walter Tash, Harry Bailey, Ed Frye, Joseph Barry, James Chambers and John Barry. Those attending the funeral from away were James Barry of Riggsport, Joe Barry of Winchester, John Mary, Hattie Barry, Aiden Chrisman and Mrs. Edward Chrisman of Merritt.

Mrs. Thompson's maiden name was Annie Elizabeth Chambers and she was born in Naples, Ill., Oct. 24, 1851 and she died Feb. 26, 1915, aged 63 years, 4 months and 13 days. She was married to Jacob Thompson Dec. 25, 1873. Ten children were born to this union of whom eight survive, Mrs. Alice Tash, Mrs. Dora Tash, Mrs. Lettie Frye, Mrs. Elizabeth Bailey, Albert, John, Lillian and Mary at home.

Mrs. Thompson was a kind and sympathetic neighbor, always ready to lend a helping hand to anyone in sickness or trouble of any kind. A staunch true friend and above all, a loyal and loving mother. She leaves her husband, eight children, eight grand-children and one brother.

Funeral services for the late Mrs. Margaret Rablitt, were conducted from the Church of Our Savior, Monday morning at 9 o'clock in charge of Rev. J. W. Crowe. Burial was made in Calvary cemetery and the bearers were John Devlin, Patrick Meany, William Holman, William Hayden, John J. Ferry and Austin Burke. Mrs. Rablitt was one of the oldest residents of the city and many gathered to pay tribute to her memory.

MORTUARY

Cook.

James M. Cook, the veteran saddler of Waverly, died at his residence in that place at 7:30 p. m. Sunday after a lingering illness with Bright's disease.

Mr. Cook was born in the southeast part of this county, somewhere in the vicinity of Hart's Prairie, December 19, 1844. He enlisted in Co. H of the famous 101st Illinois regiment, Aug. 9, 1862 and was mustered out June 24, 1865. He saw hard service and at the battle at Dallas, Georgia, lost his right leg. He came home and learned the trade of a saddler with the late Michael Rapp and worked some time for him and later for Jack Neil. After that he went to Geo. Hillerby for whom he worked eleven years and then moved to Franklin where he resided ten years and finally to Waverly where he has been for 23 years always carrying on his trade as a saddler and doing a good business.

Aug. 10, 1869 he was married to Miss Mary A. Clegg of this county and was the father of three children. His wife died in 1906 and in 1907 he was married the second time to Mrs. Mary Foster of Waverly and both unions were very happy, both as far as Mr. and Mrs. Cook were concerned and also the children of both Mr. Cook and Mrs. Foster.

Mr. Cook was a member of the Methodist Episcopal church of Murfreesville, of Illinois lodge No. 4, I. O. O. F. of this city and of John M. Ross Post G. A. R. of Waverly.

Mr. Cook was a kind and loving husband and father, a good neighbor, an honorable business man and upright citizen. He is survived by his wife, two sons, Wm. T. of Waverly, and James H. of Hanover; one daughter, Mrs. Emma Roach, of Waverly; two step daughters, Miss Lizzie Foster of Waverly and Mrs. Mamie Bastine of Mason county, and eight grandchildren; also one sister, Mrs. Lizzie Ferguson of Alexander.

The funeral will be conducted at Waverly in the M. E. church in especial charge of the Odd Fellows and burial will be in the Waverly cemetery.

Kearns.

Mrs. Neri Kearns, a sister-in-law of Mrs. Birdie Kearns of this city died in Naples Saturday and was buried Monday. She was 89 years of age.

D. O. K. K. AND JEFFRIES FESTIVAL! IS EXCELLENT ENTERTAINMENT

Music, Stage Setting and Vaudeville Specialties Combine to Make Home Talent Production Successful—Cabaret Minstrels Please.

The D. O. K. K. and Jeffries' Concert Band Festival, witnessed by a fair sized audience last evening at the Grand, was well rendered and each performer did his part with a zest and skill which made the show a genuine success. An orchestra, under the direction of Prof. C. C. Jeffries, furnished music. Stage setting of artistic plan did much to give color to the performance and McCarty's Arabs in a drill of faultless precision made for the festival a good beginning. The special by Karl, the "one string wizard of the violin," brought down the house at the close of the first part and secured equal applause in the minstrels.

John Dauer of St. Louis showed all necessary skill in his management of the stage and it was to his activity as trainer that success was in large part due. Dancers and band men considered themselves fortunate in securing his services. Messrs. Sheppard, Skinner, Dunlap, Large, Ehrigott, Johnson and Obermeyer had in charge the general arrangements. The banqueters, who under the direction of their toastmaster, J. Bart Johnson, showed themselves equal to every demand as after-dinner entertainers, were Maurice Peckham, Grover Schutze, Homer Reid, Henry Hein, Tilman S'out, Earl White, Ralph I. Dunlap, Clarence Large, Adam Ahrgott, Herman Cohen, Otis Erney, Dr. Magill, G. A. Faugust, J. B. Simpson, Harry Obermeyer, Jay Rodgers, Arthur Ellis and Louis Ahlquist. The waiters were Messrs. Skinner, Day, Johnson and Jaeger. The mandolin club, composed of F. L. Gregory, Frank Metcalf and Leo Sulter, appeared to excellent advantage.

In the orchestra were: Miss Hoffman, Mr. Drake, Mr. Hill and Dr. Torney, violins; Mr. White, viola; Mr. Jensen, cello; Mr. Whalen, string bass; Mr. Jenkinson, oboe; Mr. Gilbert, flute; Mr. W. Jeffries, clarinet; Mr. Hite, cornet; Mr. Vasconcellos, cornet; Mr. Brennan, trombone; Mr. L. Johnson, drums; Mr. Boyd, piano.

ENJOYED SKETCHES.

A letter from Daniel Hamilton at Eureka, Kansas, tells of his enjoyment of the historical sketches being published in the Journal and shows his continued interest in his old home. He will be remembered as being in the shoe business on the south side of the square. His father was also Daniel Hamilton and his sisters were Misses Sadie and Lydia Hamilton, the later being a teacher in the public schools.

MISS DUNLAP TO TALK.

At the all day meeting of the Salem church missionary society to be held Thursday at the home of Mrs. W. C. Thompson, Miss Olivia Dunlap will make an address. Miss Dunlap made an inspection visit to Ellis Island several months ago and will relate her experiences there.

Young Man :

YOU who represent that great throng of good dressers—we're anxious to have your verdict. We're ready with the springtime styles of Society Brand Clothes. We want you to see them because they're *different*.

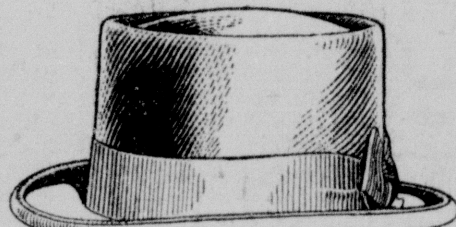

Society Brand Clothes

This message is just as full of meaning to the man who is wedded to the custom tailoring idea as to those who have long ago seen the light—and realized that ready clothes like Society Brand are leaving the tailor far behind in the style procession.

Some men have been patronizing tailors so long that it has become a confirmed habit.

If you are one of them we would like to have you come in, not so much to sell you as to give you the surprise of your life.

We want you to slip into a garment or two of Society Brand Clothes and see what the mirrors say. Those mirrors of ours have a way of carrying conviction more forcibly than any human.

You should come here for your new Spring Hat, where there is no apology for not having the style you ask for. Any New Style Spring Hat you want to see is here. Your size all colors, \$1.00 to \$5.00.
